

## Cox Makes A Serious Accusation

"Some Man Told Me," He Says, "That Workmen Are Laid Off For Political Reasons."

BY HARRY L. ROGERS  
STATE COMMISSIONER OF CONVEYANCE  
EN ROUTE WITH GOV. COX, TOLSON, O. Aug. 20.—Gov. James M. Cox, the democratic presidential nominee, has instituted a survey of circumstances surrounding the laying off of thousands of workmen in various industries, following receipt of information that republican leaders plan to use "unemployment" as an argument in persuading workmen to vote against the democratic ticket in the November election. The survey, it was stated today, will be directed particularly towards conditions in the mills of the American Woolen Co. and those prevailing on a certain railroad system. Gov. Cox's attention was first directed to the matter several days ago at Toledo when a man, whose name was not made public, talked with the governor and assured him such a plan was being worked out.

"This man told me that a thousand workmen had been laid off in one industry alone for political purposes," said Gov. Cox, "and charges that the same interests which are responsible for the republican campaign fund of at least \$15,000,000 and are seeking to undermine the federal reserve act, are abetting the movement to discredit the democratic party with labor."

The republicans say they are limiting campaign expenses to \$1,000,000, said the governor. "Later in the campaign, which I assure you will contain some surprises, I shall give you the names of gentlemen whose contributions were made by themselves and fifteen clerks."

"The American Woolen Co. is closing its plant," they are doing it because they wish to cut down supply and drive up the cost of clothing if there are enough millionaires left to buy a suit of clothing at the prices they hope to charge. It has been said that the government shouldn't interfere in business. That is true except in cases where some one under the protection of the government is trying to pick somebody else's pocket."

Gov. Cox left South Bend shortly after 1 o'clock this morning but his car was sidetracked into the garage several hours waiting for a connection for Columbus. He is to arrive in Columbus at 10 o'clock this morning. The remainder of the day he plans to spend working on state business.

WHOLESALE THEFTS OF TWIN CITY TIRES  
Last night proved to be a bad one for automobile tires in East Chicago and Indiana Harbor. Three garages were broken into during the night and several hundred dollars worth of tires and tools were taken.

John Stephens at 3302 Aldis street, Indiana Harbor, reported that some one had broken into his garage through a window and after failing to start the automobile stole all of the tools.

Jas. W. Johnstone, 3301 Grapevine st., Indiana Harbor, reported that some time after one o'clock his garage was broken into and the thieves got away with \$200 worth of new and second hand tires and tools.

The third robbery of the evening was at the K. & S. Tire and Supply Company at 516 Chicago avenue, East Chicago, where thieves broke open the back door and took six new tires, four used and two seconds.

FROM CRADLE TO GRAVE IT IS TEETH! TEETH!

Mother Nature starts us off on an even footing in the matter of teeth—They're all sound and white at first, and when properly safeguarded should last as long as LIFE lasts.

Blessed is the man or woman who TAKES CARE of the teeth.

Unless they're looked over once in a while they're bound to develop "soft spots"—and go from bad to worse, bringing misery and laying the foundation of bodily ills serious out of all proportion to the expense of timely preventive measures at the hands of a good DENTIST.

It will cost you NOTHING to have your teeth examined. Better have it done SOON! There's trouble in WAITING!

## Crown Point

Mrs. Henry Isaacs of Milwaukee and Mr. and Mrs. Oscar Heints of Fort Wayne, who have been the guests of their mother for several weeks, are returning home today. A surprise party was tendered Mrs. Heints on Wednesday by the members of the Ladies Aid Society of the Lutheran church.

George Herzhman has purchased the Courtwright home on Main street for a consideration of \$15,000 and will get possession the first of October. The Courtwrights will probably leave Crown Point if their present plans materialize and possibly locate in Indianapolis where Mr. Courtwright will follow his present line of work, road building. Their son Leon will enter Purdue university this fall.

Mr. and Mrs. W. L. Altman and Mr. and Mrs. Morris Miller were among the Crown Pointers who attended the Kankakee Fair on Thursday.

Mr. and Mrs. George Sherman expect to go to El Paso, Ill., the latter part of the week to visit with Mr. and Mrs. Frank Robinson. Mrs. Robinson's health has been very poor lately.

Fred Benecke and Mrs. Wilhelmina Strubig stole a march on their many friends and were quietly married on August 6th and are now enjoying a honeymoon trip, the whereabouts of which they did not make known. Mr. and Mrs. Will Childress and family are visiting with Mr. and Mrs. Thos. Hall this week. They reside in Chicago.

Mr. and Mrs. Charles Daugherty and family have returned from their vacation trip to different points in Michigan.

The members of the Christian church will hold revival services beginning on Sunday in their tent, which will be erected on the lot which they recently purchased from Mrs. Margaret Helzer on East st. Rev. R. Snyder will be in charge.

Mr. and Mrs. J. C. Gibbs and Miss Ruth Drexler, who have been motoring through Michigan, returned home on Wednesday night.

Mr. and Mrs. Julius Grelsch motored to Frankfort, Ind., on Thursday and will spend ten days with Mrs. Grelsch's parents, Mr. and Mrs. Stewart.

LAY PLANS FOR BIG WATER CARNIVAL

Extensive preparations are being made for the big Kennedy Water Carnival which is to be held at Miller beach, east of Gary on the afternoon of September 2, and according to the committee, it will outshine anything of its kind that has ever been held in the region. Judge Dunn, William Earle, Judge Westergren, W. D. Hunter and Joe Mullen are a few of the Gary men who are assisting in making the carnival a success.

INTERNED GARY MAN TO RETURN HOME

Interned in Germany since the outbreak of the war, M. Babowski, former Gary man, has secured his release after months of red tape and expects to set sail for home this week according to a telegram received yesterday.

It will be remembered that Mr. Babowski went to Germany on a business trip after he had finished all his work. He found himself in the custody of the German government and they refused to let him leave.

For several months Mr. Babowski

has been trying to secure passports and it was not until Mayor W. P. Hedges learned of his plight, that steps were taken to secure the necessary papers.

PRICES DROP AT MARKET

Tomatoes which have been retailing at the city market in Gary for 10 and 15 cents a pound, dropped down to 5 cents a pound or six pounds for a quarter yesterday. The drop was the result of an order issued by Market Master Lingard in which he told the truck gardeners this was the top price they could charge for tomatoes. There is now an ample supply of fresh garden truck at the city market and prices are very reasonable.

RAY IS CRITICIZED.

Joe Ray, Gary's favorite track star failed to bring home the bacon in the 1500 meter race at the Olympic games.

When he hopped off at the start, he was sure that the strained tendon, injured in practicing on a grass track, would give him no trouble, but after leading the field within 200 yards of the finish, was forced to fall behind, having run himself out.

Hill, the Englishman, won handsily with Baker, a teammate, second. Shields of the Meadowbrook Club, Philadelphia, led the Americans at third. The time for the event was 4:01 4-5, poor when compared with the record, but good when the heavy track is taken into consideration. Hill is the first double winner at this Olympic.

Ray was censured after the race by athletic authorities for his tactics against the classy field. They maintained that instead of trying to set the pace from the start, Ray should have reserved his energy for a last spring near the end. Whether this would have proved successful against such men as Hill and Baker is uncertain, but as it was, Ray proved unable to pace the field for the first half of the journey and jumped it in the second half.

G. & H. HAS NEW SCHEDULE

When the new "Express Special" is put in operation between Gary and Hobart next Monday, the Gary and Hobart Tractor Co. will put into effect a new time schedule according to an announcement made by officials of the company yesterday. The schedule is so arranged that the cars connect with the Gary-Crown Point service.

THEY WANT TO COME BACK

The Pittsburgh Pirates like Gary so well that they want to come back. Before leaving the city, the team took a unanimous vote that the next time they play in Chicago, they will come out to Gary some evening to participate in a program that will be prepared at the Elks club rooms.

The Pirates cleaned up something like \$1500 in the Gary game, enough to pull them out of the hole, having lost considerable money in their St. Louis games. It is understood that the Elks made a like amount for their building fund.

GARY Y. M. C. A. HUNS WITH ACTIVITIES

Nearly one hundred men attended the first session of the citizenship class in Judge Greenwood's court. The class is under the direction of Attorney R. E. Richardson and assisted by Myron Tomastick and is being promoted by Mr. Polk, secretary of the Broadway Y.

Last calendar year's record of 485 men in the English and citizenship classes and 290 signed up for citizenship will probably be broken this year. Thirteen gatherings were held at the Broadway Y. during the month of July, the total attendance being three thousand.

George Finney, physical director of the "Y" who was picked as one of the officials for the Olympic games writes that he arrived in Brussels on Aug. 8, in charge of the American Wrestling team. "We are going to pick off the bulk of the honors," said George and he never lies.

Hundreds of tired business men are taking advantage of the swimming pool every noon and afternoon and some of them who were unable to paddle a

stroke two months ago are now using the Australian crawl. "It's the best exercise in the world," says Judge Greenwood.

The bowling alleys and pool and billiard tables have recently been repaired and refinished and are now ready for the fall opening.

Summer volleyball classes continue Monday, Wednesday, Thursday and Friday from 4 until 6 p. m. and by fall the "Y" athletic directors hope to have a number of new experts for the league games.

Ex-service men desiring information regarding collegiate and local scholarships are invited to consult Mr. Dickson. All local class tuition is free to ex-service men.

Those desiring to speak for the use of the Broadway Y. are asked to see Mr. Polk as early as possible as winter activities are now being booked. Telephone 2972.

SENT TO CO. JAIL.

Joe Greenburg, 1740 Division street, and Steve Wisniewski, 1344 N. Wood street, Chicago, owners of the 100 gallon a day still which was unearthed by Captain Volck and his sponge squad at 4925 Jackson street in Gary Tuesday noon, were both fined \$139 apiece and sentenced to the county jail for thirty days by City Judge Dunn this morning. It is said that attorneys appearing for the two distillers will file an appeal.

Federal Agent J. M. Montgomery, working out of Capt. Van Hook's office at 1344 N. Wood street, and Judge Dunn with "railroading" liquor cases, records, showing that 90 per cent of the liquor law violators got away with suspended sentences was present at the trial.

He ordered the 70 gallons of liquor confiscated in the raid be destroyed at once. Samples have been taken for evidence in case of an appeal to a higher court.

Pittsburgh, scheduled for early next week.

Disorders among dockers at Dantzic have been frequent since the East Prussian harbor became a free port at the Baltic and of the Polish corridor, and it is the view in government circles here that if Sir Reginald has actually taken stand, refusing to allow further cargoes of munition to be landed there; his action must be based on complications of this or some other imperative nature.

ARMISTICE HEADS HOLD NEW MEETING

PARIS, Aug. 20.—The Polish and Russian armistice and peace plenipotentiaries at Minsk have held a second meeting and adopted a program for further discussions, according to official advices received by the French foreign office today. No further details have been received.

Foreign office officials believe that the Russians purposely cut off the Polish officials communication with Warsaw to delay the military defeat of the Russian army.

M. Jusserand, of the French mission to Poland and Lord DeAbernon, of the British mission, are returning to Warsaw from Posen.

The French foreign office has been informed from Sebastopol that General Wrangel has resumed his offensive against the Bolshevik in Southern Russia.

'SUFF' PROCLAMATION IS ALL READY

WASHINGTON, Aug. 20.—The proclamation declaring suffrage for women to be effective has been prepared by the state department and is ready for Secretary Colby to affix his signature as soon as official word of Tennessee's ratification is received, it was learned this afternoon.

The state department is expecting official notice of Tennessee's ratification by courier today or tomorrow.

Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work—adv.

## HARBOR MAN GETS GARY MOVIE THEATRE

Julius Nussau, moving picture manager of Indiana Harbor, acquired possession of another popular movie house in Gary yesterday and took immediate possession.

The Art Theater, one of the best locations on Broadway, was taken over by Mr. Nussau, following its purchase from A. H. Marcus.

The entire theater policy is to be changed by the new purchaser. In addition, the building will be somewhat changed for the convenience of patrons of the establishment. The front will be re-arranged and patterned after the front displays of metropolitan theaters.

An orchestra has been engaged for regular appearance at the Art. The new policy also includes an entire change of pictures, only "first runs" being procured here.

J. Meminger, manager of the theater under Mr. Marcus' ownership, will remain in charge of the house. Mr. Nussau, who now lives in Indiana Harbor, plans to move his family to Gary as soon as suitable quarters can be found for them.

The theater sale did not include the building, purchased by Mr. Marcus some time ago. The latter it is announced is retiring from the moving picture business owing to falling health. Mr. Marcus underwent an operation at Mercy hospital yesterday. He is reported to be improved.

STRIKERS IN PEN ON HUNGER STRIKE

Fire Hose Is Used as a 'Persuader' and Turbulent Gang Quiets Down.

[INTERNATIONAL NEWS SERVICE] BALTIMORE, MD., Aug. 20.—Seventy hunger strikers, segregated in a dormitory of the Maryland penitentiary broke out of their cells about 2:30 o'clock this morning and rioted in the building until daylight. The interior of the dormitory was wrecked, but none of the prisoners escaped. City police and firemen were called out to help quell the disturbance. Not until fire hose was turned on the rioters did they show any sign of quieting down. The authorities waited until daylight before entering the building because the prisoners had broken all the electric lights before the trouble started. At seven o'clock the prisoners were still in charge of the dormitory, but had quieted down under the persuasive influence of several streams of water from fire hose.
